TREE PLANTATION DRIVE ON - 16/08/2024

We, Of KLH University 1(T) BN Organized a **TREE PLANTATION DRIVE**

In Conclusion, **TREE PLANTATION DRIVE** Start by explaining the purpose and significance of the plantation drive. Emphasize the importance of tree planting in mitigating climate change, conserving biodiversity, and improving local ecosystems. Highlight the scale and scope of the drive, including the number of trees planted, target areas, and the initiative's timeline.

Forests are home to many indigenous species which are critical to maintaining the balance of the ecosystem. With fewer trees, endangered ecosystems, and the climate crisis looming large, we need to collectively make up for the lost green cover. We strive towards a greener planet with our large-scale regular tree plantation drives.

The cadets of KLH University have organized events like:
